## 52" | 1300MM CEILING FAN

**Performance, Style & Reliability;** the Falcon is the ultimate ceiling fan, designed in Australia, for Australia's climate. Specifically developed to keep your house cool, the Falcon can be used indoors and in outdoor undercover locations.

Using advanced thermoplastic technology, the four 52" ABS blades have been crafted aerodynamically for maximum air-movement and durability. At its core, a powerful 60W motor housed in premium diecast aluminium propels the blades effortlessly, and silently.

### Powerful Motor

Equipped with a 60W motor, the Falcon is crafted to perform, right down to its core.

### Corrosion Free Blades

Crafted from ABS plastic, the Falcon's 52" blades won't rust, swell or warp; all while providing maximum airflow.

### Reversible Fan Operation

Enjoy the Falcon all-year round with its Summer-Winter reversible function.

### Quick Installation

With quick Snap-Connect wiring & fittings, installation is made easier than ever.\*

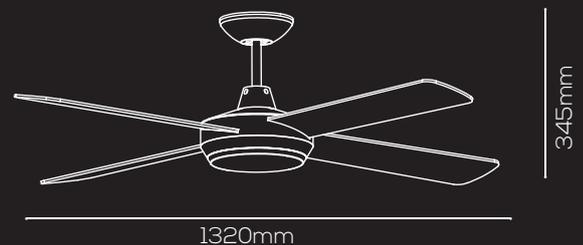

### Indoor & Outdoor Undercover Use

Suitable for use indoors and in outdoor undercover areas.
